E P I S Y L

For A Youthful Skin

Working primarily on epidermis, EPISYL aims to rejuvenate skin through accelerated exfoliation. In this treatment we apply Kanpeki's essential process that involves triple exfoliation to radically eliminate dead skin cells while gently activating the skin's own cell renewal system.

PRO HYDRA

Dry Skin

7 Steps | Contain Products for 10 rituals

As the name suggests, this product helps the skin to be hydrated and moisturized. The essential moisture boost treatment balances and restores skin's natural moisturization factor. Its vitamin moisturizing complex helps to visibly nourish skin and maintain its hydration levels.

PRO MERGE

Combination Skin

7 Steps | Contain Products for 10 rituals

If you and sun are not quite the friend, then this product is for you. A potent De-Tan system, it has high strength Alpha-Hydroxy Acid (AHAs) and Beta-Hydroxy Acid (BHAs) to ideally treat sun damaged skin.

PRO MATTE

Oily Skin

7 Steps | Contain Products for 10 rituals

Carbon or activated charcoal is a boon for skin. As oil and dirt are responsible for enlarging the pores of the skin, activated charcoal helps in binding dirt and pulling it out from the pores thereby minimizing their appearance.
